The El Paso County Sheriff's Office is committed to helping our citizens keep themselves, their families and their communities safe from crime, the fear of crime and neighborhood decay. Working collaboratively with other local law enforcement officials, we help establish networking systems, provide educational materials, programs, training and safety tutorials to promote pro-active crime prevention in our community.

Through an active Community Oriented Policing philosophy, we believe that individual citizens should be empowered to work with law enforcement to help keep themselves safe. A number of programs we offer will provide tools that you can use to learn crime prevention strategies, engage other community members, coordinate with local law enforcement to aid in crime prevention, and to build and strength relationships.

All programs and trainings offered through the Crime Prevention Unit are always free of charge.

Community Video Program

If you currently utilize a private video surveillance system at your home or business, we would like to hear from you.

Video surveillance is one of the best methods for apprehending criminals and convicting suspects who are caught in the act of committing a crime. Installing video surveillance is a great example of community-police partnerships and is something we highly value as a law enforcement agency serving our community.

How Does It Work?

The El Paso County Sheriff's Office (EPSO) is committed to our partnership with the residents and business owners in our community. Many businesses and residents currently operate surveillance systems at their businesses and/or homes. As crimes occur nearby, a surveillance system may capture information that could help solve a crime, thus keeping our community safer. In turn, law enforcement may not always be aware who may have this potentially vital information.

The EPSO is asking residents and businesses across the county to register their privately owned surveillance camera systems. As we respond to criminal incidents, we may be able to use the information or footage gathered from the security camera to assist in the apprehension and prosecution of the criminals involved.

Registration

If you would like to inform the EPSO that you have video surveillance and allow deputies to contact you should a crime occur where your cameras are installed, we kindly ask that you let us know by filling out the registration form at www.epcsheriffsoffice.com. Information provided to the EPSO regarding your camera system will be for official use only. Your personal information will remain confidential and will not be distributed except as required by law or court order.

What Are The Benefits?

By registering your camera, the EPSO can quickly identify nearby cameras that may have captured criminal activity. After registering your camera, you would only be contacted by the El Paso County Sheriff's Office if there is a criminal incident in the vicinity of your security camera. EPSO personnel, if necessary, may request to view your camera footage in order to assist in an investigation. Help us make El Paso County an undesirable place for criminals to commit crimes and keep our entire community safe.

Disclaimer

The goal of the Community Video Program is to deter crime and promote public safety through collaboration between the El Paso County Sheriff's Office and the communities we serve. Accordingly, all registrants agree to the following terms and conditions:

If necessary, the El Paso County Sheriff's Office will contact you directly, using the information provided by you at the time of registration, to request the appropriate video surveillance footage.

Any and all video surveillance footage shall remain the property of the registrant until it is requested by the El Paso County Sheriff's Office. Your voluntary participation in this program shall not be construed as an obligation to release any surveillance video to the El Paso County Sheriff's Office upon request.

Any footage containing or related to criminal activity collected by the El Paso County Sheriff's Office may be used as evidence during any stage of a criminal proceeding.

Under no circumstances shall registrants construe that they are acting as an agent and/or employee of the El Paso County Sheriff's Office through the program.
